# Aerosol Packagers Insurance Programs

*Endorsed by the National Aerosol Association.*

These programs **reduce** premiums for property and general liability insurance while **increasing** coverages. Some companies in the program have saved from 20 to 50% on their insurance premiums.

Aerosol packagers have distinct insurance needs. The Kann Insurance Agency and The National Aerosol Association have teamed together to develop unique programs based on these requirements.

These programs are based on in-depth industry research by The Kann Agency, a leader in serving the Aerosol Packaging Industry. Call us today for a brochure and a review of your specific insurance needs.
